## Part 1: General Information and Index of Signs

Acronyms and Abbreviations ..... v

|          |  |           |
|----------|--|-----------|
| <b>1</b> | <b>General Information</b> .....                         | <b>1</b>  |
| 1.1      | Requirements and Purpose of Traffic Control Devices..... | 1         |
| 1.2      | Standardization of Application and Design .....          | 2         |
| 1.3      | Approval for Placement.....                              | 3         |
| 1.4      | New Signs.....   | 3         |
| 1.5      | Advertising Signs.....                                   | 3         |
| 1.6      | Dual Language Signs .....                                | 3         |
| 1.7      | Classification .....                                     | 4         |
| 1.7.1    | Traffic Control Classification .....                     | 4         |
| 1.7.2    | Route Classification .....                               | 5         |
| 1.8      | Traffic Controls for General Use .....                   | 5         |
| 1.8.1    | The Function and Classification of Signs .....           | 5         |
| 1.8.2    | Excessive Use of Signs .....                             | 5         |
| 1.8.3    | Design of Signs .....                                    | 6         |
| 1.8.4    | Retroreflectivity and Illumination .....                 | 6         |
| 1.8.5    | Maintaining Minimum Reflectivity.....                    | 7         |
| 1.8.6    | Sign Shapes.....   | 8         |
| 1.8.7    | Sign Colors.....   | 9         |
| 1.8.8    | Dimensions.....  | 10        |
| 1.8.9    | Symbols .....  | 10        |
| 1.8.10   | Word Messages.....                                       | 11        |
| 1.8.11   | Messages Containing Numerals.....                        | 11        |
| 1.8.12   | Sign Borders .....                                       | 11        |
| 1.8.13   | Sign Conspicuity .....                                   | 11        |
| 1.8.14   | Standardization of Location .....                        | 12        |
| 1.8.15   | Overhead Sign Installations.....                         | 16        |
| 1.8.16   | Mounting Height .....                                    | 17        |
| 1.8.17   | Lateral Clearance.....                                   | 17        |
| 1.8.18   | Orientation.....   | 18        |
| 1.8.19   | Mounting Signs.....                                      | 20        |
| 1.8.20   | Gantry Mounted Signs .....                               | 21        |
| 1.8.21   | Sign Backgrounds .....                                   | 21        |
| 1.8.22   | Maintenance of Signs.....                                | 22        |
| <b>2</b> | <b>Index of Signs</b> .....                              | <b>23</b> |
| 2.1      | Sign Numbering System.....                               | 23        |
| 2.2      | Regulatory Signs .....                                   | 23        |

|        |  |    |

## Part 4: Information and Direction Signs

|                                  |   |
|----------------------------------|---|
| Acronyms and Abbreviations ..... | v |
|----------------------------------|---|

|  |          |
|--|----------|
| <b>1 General Introduction .....</b>  | <b>1</b> |
| 1.1 Primary Definitions .....  | 1        |
| 1.2 Classification for Signing Purposes .....  | 1        |
| 1.3 Strategic Routes – Expressways, Rural Freeways, and Major Urban Arterials.....       | 2        |
| 1.4 Arterial Routes – Minor Arterials and Boulevards in Urban Areas, Rural Arterials.... | 2        |
| 1.5 Local Routes – Collectors and Local Roadways .....                                   | 3        |
| 1.6 Size of Signs .....  | 3        |
| 1.7 Arabic and English Legend.....   | 3        |
| 1.8 Amount of Legend .....   | 3        |
| 1.9 Longitudinal Sign Spacing .....  | 4        |
| 1.10 Sign Mounting.....  | 4        |
| <b>2 Directional Signing .....</b>   | <b>5</b> |
| 2.1 Introduction.....  | 5        |
| 2.2 Types of Directional Signing .....   | 5        |
| 2.2.1 Advance Direction Signs and Far Advance Direction Signs .....                      | 6        |
| 2.2.2 Direction Signs.....   | 6        |
| 2.2.3 Route Confirmation Signs.....  | 7        |
| 2.3 Provision of Directional Signing.....  | 7        |
| 2.4 Location and Installation of Directional Signs .....                                 | 8        |
| 2.4.1 ADS and FADS Requirements for Grade-Separated Interchanges .....                   | 8        |
| 2.4.2 ADS Requirements for At-Grade Intersections .....                                  | 8        |
| 2.4.3 Direction Signs for Grade-Separated Interchanges.....                              | 9        |
| 2.4.4 Direction Signs for At-Grade Intersections .....                                   | 10       |
| 2.4.5 Route Confirmation Signs.....  | 10       |
| 2.5 Design of Directional Signing .....  | 10       |
| 2.5.1 Introduction .....   | 10       |
| 2.5.2 Sign Installation Type .....   | 10       |
| 2.5.3 Selection of Sign Installation Type .....  | 11       |
| 2.5.4 Sign Face Design .....   | 11       |
| 2.5.5 Summary of Sign Face Design Requirements.....                                      | 18       |
| 2.5.6 Choice of Destinations .....   | 19       |
| 2.5.7 Legibility Distance and Character Size .....                                       | 19       |
| 2.5.8 Roadway Symbols .....  | 19       |
| 2.5.9 Borders .....  | 19       |
| 2.5.10 Color Coding.....   | 20       |
| 2.5.11 Use of Arrows.....  | 21       |
| 2.6 Additional Signs .....   | 22       |
| 2.6.1 Intersection Countdown Markers .....   | 22       |
| 2.6.2 Intersection Merge Signs .....   | 23       |

|          |   |           |
|----------|---|-----------|
| 2.6.3    | Route Identification Symbols .....  | 24        |
| 2.6.4    | Route Confirmation Signs.....   | 25        |
| 2.6.5    | Intersection and Interchange Identification Signs .....                             | 26        |
| 2.6.6    | Permitted Abbreviations for Interchange Identification Signs.....                   | 26        |
| 2.6.7    | Gore Exit Signs .....   | 26        |
| 2.6.8    | Reference Route Markers.....  | 27        |
| 2.7      | Permitted Use of Regulatory or Warning Legends on Directional Signing .....         | 28        |
| 2.8      | Permitted Use of Other Signs on Directional Signing: Toll Roadways .....            | 32        |
| 2.9      | Typical Layout Drawings .....   | 33        |
| <b>3</b> | <b>Community and Local Wayfinding .....</b>   | <b>35</b> |
| 3.1      | Street Names .....  | 35        |
| 3.1.1    | Provision of Street Name Signs .....  | 35        |
| 3.1.2    | Design of Street Name Signs .....   | 35        |
| 3.1.3    | Permitted Abbreviations for Street Name Signs .....                                 | 36        |
| 3.2      | Town or Area Names .....  | 37        |
| 3.3      | District Navigation .....   | 37        |
| 3.4      | Facility Navigation.....  | 38        |
| 3.4.1    | Determining the Use of Facility Signs.....  | 38        |
| 3.4.2    | Acceptable Provision of Facility Signs for Permitted Facilities .....               | 40        |
| 3.4.3    | Facilities Signs.....   | 41        |
| 3.4.4    | Parking Facilities .....  | 41        |
| 3.4.5    | Tourist Signs .....   | 42        |
| 3.4.6    | Other Facilities.....   | 42        |
| 3.4.7    | Service Signs for Rest Areas.....   | 42        |
| 3.4.8    | Summary of Signing Provision for Facilities, Services, and Tourist Information..... | 43        |
| 3.4.9    | Approved Symbols.....   | 44        |
| 3.4.10   | Approved Tourist Symbols .....  | 46        |
| <b>4</b> | <b>General Information Signs.....</b>   | <b>51</b> |
| 4.1      | Permitted Use of General Information Signs.....                                     | 51        |
| 4.1.1    | New Road Layout Ahead .....   | 52        |
| 4.1.2    | Signs for Toll Roadways .....   | 52        |
| 4.1.3    | Signs for Emergency Roadside Telephones.....  | 53        |
| 4.1.4    | Signs for Military Purposes.....  | 53        |
| 4.1.5    | Fire Station Hard Standing.....   | 53        |
| 4.1.6    | Fire Engine Access — Keep Clear.....  | 54        |
| 4.1.7    | Park and Ride.....  | 54        |
| 4.1.8    | Electronic Parking Information.....   | 54        |
| 4.1.9    | Abnormal Loads Parking Point .....  | 55        |
| 4.1.10   | Start of Divided Roadway .....  | 55        |
| 4.1.11   | Private Access Signs.....   | 56        |
| 4.1.12   | Red Light Camera Sign .....   | 56        |

|          |  |           |
|----------|--|-----------|
| 4.1.13   | Truck Parks .....  | 56        |
| 4.1.14   | Directions to Emergency Exit for Pedestrians from a Tunnel ..... | 57        |
| 4.1.15   | Safety Campaigns .....   | 57        |
| 4.1.16   | Advertising Signs .....  | 57        |
| 4.2      | Use of Times and Dates on General Information Signs .....        | 57        |
| 4.3      | Permitted Abbreviations for Information Signs .....              | 58        |
| <b>5</b> | <b>Temporary Signs .....</b>                                     | <b>59</b> |
| 5.1      | Emergency Management Signs .....                                 | 59        |
| 5.2      | Special Events .....   | 60        |
| 5.2.1    | Special Provision for the 2022 World Cup .....                   | 60        |
| 5.3      | Use of Dynamic Message Signs.....                                | 61        |
| 5.3.1    | Use of DMS.....  | 61        |
| 5.3.2    | Types of DMS Messages.....                                       | 61        |
| 5.3.3    | Acceptable Applications.....                                     | 61        |
| 5.3.4    | DMS Messages Content .....                                       | 62        |
| 5.3.5    | Pictograms and Legends.....                                      | 62        |
|          | <b>Bibliography .....</b>  | <b>65</b> |

## Part 5: Traffic Signals

|   |            |
|---|------------|
| <b>Acronyms and Abbreviations .....</b>                                 | <b>vii</b> |
| <b>1      Traffic Signals – Basics.....</b>                             | <b>1</b>   |
| 1.1     Traffic Control Signals – Needs Studies .....                   | 1          |
| 1.1.1   Criterion 1 – Intersection Vehicular Traffic Flow Volumes.....  | 1          |
| 1.1.2   Criterion 2 – Pedestrian Flow Volumes.....                      | 3          |
| 1.1.3   Criterion 3 – School or Civic Amenity Access .....              | 4          |
| 1.1.4   Criterion 4 – Coordination and Management of Traffic Flow ..... | 5          |
| 1.1.5   Criterion 5 – Known Crash Locations.....                        | 6          |
| 1.1.6   Speed Criteria .....  | 6          |
| 1.1.7   Scenario Modeling.....  | 6          |
| 1.1.8   Pollution and Emissions.....                                    | 7          |
| <b>2      Traffic Control Signals – General.....</b>                    | <b>9</b>   |
| 2.1     Advantages and Disadvantages of Traffic Signals.....            | 9          |
| 2.2     Traffic Signal Groups .....                                     | 10         |
| 2.3     Traffic Phases .....  | 11         |
| 2.4     Meaning of Traffic Signal Lanterns .....                        | 12         |
| 2.4.1   Green Traffic Signal .....                                      | 12         |
| 2.4.2   Flashing Green Traffic Signal .....                             | 13         |
| 2.4.3   Yellow Traffic Signal.....                                      | 13         |
| 2.4.4   Red Traffic Signal .....  | 13         |
| 2.4.5   Arrow Aspects .....   | 13         |
| 2.4.6   Green Man Traffic Signal .....                                  | 14         |
| 2.4.7   Flashing Green Man Traffic Signal .....                         | 14         |
| 2.4.8   Red Man Traffic Signal.....                                     | 14         |
| 2.5     Traffic Signal Sequence .....                                   | 14         |
| 2.5.1   General .....   | 14         |
| 2.5.2   Standard Traffic Signal Sequence .....                          | 15         |
| 2.6     Traffic Signal Head Dimensions.....                             | 16         |
| 2.7     Arrow Indication Signals .....                                  | 17         |
| 2.7.1   Use of Arrow Indications .....                                  | 17         |
| 2.7.2   Use of Arrows with Disk Aspects .....                           | 19         |
| 2.7.3   U-turn Arrows.....  | 21         |
| 2.8     Low-level Repeater Units.....                                   | 21         |
| 2.9     Traffic Signal Specifications.....                              | 22         |
| 2.10    Dimensions and Layout of Signal Aspects.....                    | 23         |
| 2.11    Positioning and Number of Traffic Signals.....                  | 25         |
| 2.12    Signal Head Alignment and Visibility .....                      | 25         |
| 2.12.1   Primary Signals .....  | 26         |
| 2.12.2   Secondary Signals .....  | 27         |
| 2.12.3   Multiple Lane Considerations.....                              | 30         |

|          |   |           |
|----------|---|-----------|
| 2.13     | Roadway Clearance .....                                       | 30        |
| 2.14     | Vertical Positioning.....                                     | 31        |
| 2.15     | Mounting of Traffic Signal Heads on Roadway Lamp Columns..... | 32        |
| 2.16     | Mounting of Traffic Signal Heads on Passive Posts .....       | 33        |
| 2.17     | Mounting of Traffic Signal Heads on Mast Arms.....            | 33        |
| 2.18     | Orientation of Traffic Signal Aspects .....                   | 34        |
| 2.19     | Other Signal Equipment.....                                   | 34        |
| 2.19.1   | Backing Boards .....  | 34        |
| 2.19.2   | Lantern Hoods.....  | 34        |
| 2.19.3   | Screens and Louvers.....                                      | 35        |
| 2.20     | Signal Timing Restrictions.....                               | 35        |
| 2.20.1   | Minimum Timings.....  | 35        |
| 2.20.2   | Intergreen Times .....  | 36        |
| <b>3</b> | <b>Traffic Signal Sequences and Lane Signalization.....</b>   | <b>39</b> |
| 3.1      | Protected Left Turns .....                                    | 39        |
| 3.2      | Multiple Left-turn Lanes .....                                | 40        |
| 3.3      | Leading and Lagging Left Turns .....                          | 41        |
| 3.4      | Split Phasing.....  | 42        |
| 3.5      | Diamond Phasing .....   | 43        |
| 3.6      | Right-turn Lanes and Pedestrian Crossings .....               | 43        |
| 3.7      | All-Red Pedestrian Phase.....                                 | 44        |
| 3.8      | Traffic Signal Control Strategies .....                       | 44        |
| 3.8.1    | Fixed-time Operation .....                                    | 46        |
| 3.8.2    | Semi-Vehicle Actuation .....                                  | 47        |
| 3.8.3    | Vehicle Actuation (VA) .....                                  | 47        |
| 3.8.4    | Adaptive/Reactive Traffic Signal Control .....                | 48        |
| 3.8.5    | Cableless Linking Facility (CLF) .....                        | 49        |
| 3.8.6    | Pre-emptive Control.....                                      | 50        |

## Part 6: Road Markings

|  |           |
|--|-----------|
| Acronyms and Abbreviations .....                     | x         |
| <b>1 General Road Markings.....</b>                  | <b>1</b>  |
| 1.1 General.....                                     | 1         |
| 1.1.1 Introduction.....                              | 1         |
| 1.2 Visibility of Road Markings.....                 | 2         |
| 1.2.1 Removal of Road Markings.....                  | 3         |
| 1.2.2 Legal Issues .....                             | 3         |
| 1.2.3 Prescribed Markings and Road Studs .....       | 3         |
| 1.2.4 Placing of Road Markings and Studs .....       | 3         |
| 1.2.5 Illumination, Colors and Dimensions.....       | 4         |
| 1.2.6 Dimensions .....                               | 4         |
| <b>2 Longitudinal Markings .....</b>                 | <b>5</b>  |
| 2.1 Lane Lines.....                                  | 7         |
| 2.2 Warning Lines .....                              | 8         |
| 2.3 Prohibitory Line.....                            | 10        |
| 2.4 Edge of Roadway Markings.....                    | 11        |
| 2.5 Raised Profile Edge Lines .....                  | 13        |
| 2.6 Hatched Markings .....                           | 14        |
| 2.7 Chevron Markings .....                           | 17        |
| 2.8 No Overtaking/ No Passing .....                  | 18        |
| 2.9 Road Studs .....                                 | 21        |
| 2.9.1 Reflecting Road Studs.....                     | 21        |
| 2.10 Placement of Road Studs .....                   | 22        |
| 2.11 Parking Bays .....                              | 24        |
| 2.11.1 Bay markings .....                            | 24        |
| 2.11.2 Disabled Parking Bay Symbol .....             | 28        |
| 2.12 Curb Markings at Intersections.....             | 28        |
| <b>3 Intersection and Interchange Markings .....</b> | <b>29</b> |
| 3.1 Intersections .....                              | 29        |
| 3.1.1 Intersection STOP Lines .....                  | 29        |
| 3.1.2 STOP Symbol Marking .....                      | 31        |
| 3.1.3 GIVE WAY/ Yield Lines .....                    | 31        |
| 3.1.4 GIVE WAY Markings at Roundabouts .....         | 32        |
| 3.1.5 GIVE WAY Triangles .....                       | 33        |
| 3.1.6 U-turns.....                                   | 34        |
| 3.1.7 Roundabout Circulatory Markings .....          | 35        |
| 3.1.8 Yellow Transverse Bar Markings.....            | 45        |

|          |   |           |
|----------|---|-----------|
| 3.1.9    | Box Marking .....   | 48        |
| 3.1.10   | STOP Lines at Signals.....  | 51        |
| 3.1.11   | Lines through Intersections.....                                      | 53        |
| 3.1.12   | Rural Intersection Layouts .....                                      | 53        |
| 3.2      | Auxiliary Lanes .....   | 56        |
| 3.2.1    | Single-Lane Dualling .....  | 56        |
| 3.2.2    | Diverging and Merging Auxiliary Lanes at Priority Intersections ..... | 58        |
| 3.2.3    | Dedicated Right-Turn Lanes at Traffic Signals.....                    | 60        |
| 3.2.4    | Dedicated Right-Turn Lanes at Roundabouts .....                       | 62        |
| 3.2.5    | Turnout Lanes.....  | 65        |
| 3.3      | Interchanges .....  | 68        |
| 3.3.1    | Merging/Diverging Slip Ramps.....                                     | 68        |
| 3.3.2    | Lane Gains .....  | 71        |
| 3.3.3    | Lane Drops.....   | 74        |
| 3.4      | Expressway Intersections .....  | 77        |
| 3.4.1    | Typical Rural Intersection.....                                       | 77        |
| 3.4.2    | Typical Urban Cross Roadway with Ramp Treatment.....                  | 78        |
| 3.4.3    | Trap Lanes at Expressway Exits .....                                  | 79        |
| <b>4</b> | <b>User-Specific Markings .....</b>                                   | <b>80</b> |
| 4.1      | Toll Lanes .....  | 80        |
| 4.1.1    | Worded Legend .....   | 81        |
| 4.1.2    | Longitudinal Markings.....  | 82        |
| 4.1.3    | Markings for Toll Plazas.....   | 88        |
| 4.2      | Pedestrian Paths / Facilities and Animal Crossings .....              | 89        |
| 4.2.1    | Signalized Crossings.....   | 89        |
| 4.2.2    | Zebra Markings.....   | 90        |
| 4.2.3    | Zigzag Markings.....  | 91        |
| 4.2.4    | Camel Crossing .....  | 94        |
| 4.3      | Bike Paths and Facilities.....  | 94        |
| 4.3.1    | Bike Path and Sidewalk Provisions.....                                | 95        |
| 4.3.2    | Shared Path .....   | 100       |
| 4.3.3    | Separated Paths .....   | 101       |
| 4.3.4    | Exclusive Bike Paths .....  | 102       |
| 4.3.5    | Bike Paths Crossing Roadways .....                                    | 103       |
| 4.3.6    | Signalized Bicyclist Crossing Facilities .....                        | 105       |
| 4.4      | Bus Lanes and Facilities .....  | 108       |
| 4.4.1    | With-Flow Bus Lanes .....   | 108       |
| 4.4.2    | Bus Only Roadways .....   | 114       |
| 4.4.3    | Bus Stop Markings.....  | 114       |
| 4.5      | Transit Lanes and Facilities .....                                    | 116       |
| 4.5.1    | High Occupancy Vehicle Lanes.....                                     | 117       |
| 4.6      | Truck Lanes .....   | 119       |
| 4.7      | Tram Lanes and LRT, Crossings, and Facilities .....                   | 119       |

|           |   |            |
|-----------|---|------------|
| 4.7.1     | Integrated Tramways.....                                  | 119        |
| 4.7.2     | Off-Roadway Tramways .....                                | 121        |
| 4.7.3     | Tram Stops.....   | 124        |
| 4.8       | Railways and Metro Lines, Crossings, and Facilities ..... | 124        |
| 4.8.1     | Level Crossings/ Railroad Crossings.....                  | 125        |
| 4.8.2     | Longitudinal Road Markings.....                           | 129        |
| 4.8.3     | Yellow Box Markings .....                                 | 129        |
| 4.8.4     | Worded Text on the Roadway.....                           | 132        |
| <b>5</b>  | <b>Channelization.....</b>                                | <b>133</b> |
| 5.1       | Channelization Lines .....                                | 135        |
| 5.2       | Tubular Channelization Device .....                       | 135        |
| 5.3       | Lane Arrows .....   | 136        |
| 5.4       | Roundabout Lane Arrows .....                              | 137        |
| 5.5       | Mandatory Turns .....                                     | 137        |
| 5.6       | Bifurcation Arrows .....                                  | 138        |
| 5.7       | Deflection / Warning Arrows .....                         | 139        |
| <b>6</b>  | <b>Delineators.....</b>                                   | <b>142</b> |
| 6.1       | Design.....   | 142        |
| 6.2       | Application .....   | 143        |
| 6.3       | Placement and Spacing.....                                | 143        |
| <b>7</b>  | <b>Local Area Traffic Management.....</b>                 | <b>148</b> |
| 7.1       | Roundels on the Roadway .....                             | 148        |
| 7.2       | Speed Humps .....   | 149        |
| 7.3       | Build-Outs .....  | 152        |

| 2.9.3    | Acceptance Criteria .....                                | 13        |
| 2.10     | Assembly and installation.....                           | 13        |
| 2.10.1   | Assembly .....   | 13        |
| 2.10.2   | Installation.....  | 13        |
| 2.10.3   | Siting.....  | 13        |
| 2.10.4   | Verge-mounted Signs.....                                 | 13        |
| 2.10.5   | Gantry-mounted Signs .....                               | 13        |
| 2.11     | Orientation .....  | 14        |
| 2.12     | Temporary Traffic Signs.....                             | 14        |
| 2.12.1   | General.....   | 14        |
| 2.12.2   | Sign Plate Construction .....                            | 14        |
| 2.12.3   | Assembly and Installation .....                          | 15        |
| 2.12.4   | Temporary Covering of Signs .....                        | 15        |
| <b>3</b> | <b>Road Markings .....</b>                               | <b>17</b> |
| 3.1      | Surface-Applied Markings.....                            | 17        |
| 3.1.1    | General.....   | 17        |
| 3.2      | Materials.....   | 18        |
| 3.2.1    | Thermoplastic.....                                       | 18        |
| 3.2.2    | Paint .....  | 18        |
| 3.2.3    | Ballotini .....  | 19        |
| 3.2.4    | Preformed .....  | 19        |
| 3.3      | Material Application to the Roadway Surface.....         | 19        |
| 3.3.1    | Thermoplastic Markings.....                              | 19        |
| 3.3.2    | Painted Markings .....                                   | 20        |
| 3.3.3    | Preformed Markings .....                                 | 20        |
| 3.4      | Performance .....  | 21        |
| 3.4.1    | Hiding Power of the Paint .....                          | 21        |
| 3.4.2    | UV Ageing of the Paint .....                             | 21        |
| 3.4.3    | Thickness of Thermoplastic Material .....                | 22        |
| 3.4.4    | Retroreflectivity (Related to Nighttime Visibility)..... | 22        |
| 3.4.5    | Luminance Factor (Related to Daytime Visibility).....    | 22        |
| 3.4.6    | Chromaticity (Color).....                                | 23        |
| 3.4.7    | Skid Resistance .....                                    | 23        |
| 3.5      | Removal .....  | 23        |
| 3.6      | Maintenance.....   | 24        |
| 3.7      | Road Studs (Raised Pavement Markers).....                | 25        |
| 3.7.1    | General .....  | 25        |
| 3.7.2    | Material .....   | 26        |
| 3.7.3    | Self-Adhesive Surface-Mounted Retroreflective Studs..... | 26        |
| 3.7.4    | Anchored Surface-Mounted Retroreflective Studs.....      | 26        |
| 3.7.5    | Active Studs.....  | 27        |
| 3.7.6    | Nonreflective Studs .....                                | 27        |
| 3.7.7    | Installation.....  | 28        |

|                          |                   |           |

## Part 9: Traffic Control Devices for Works on Roads and Temporary Traffic Management

|                                  |   |
|----------------------------------|---|
| Acronyms and Abbreviations ..... | v |
|----------------------------------|---|

|          |  |          |
|----------|--|----------|
| <b>1</b> | <b>Introduction.....</b>                                     | <b>1</b> |
| 1.1      | Background.....  | 1        |
| 1.2      | Document Structure .....                                     | 1        |
| 1.3      | Objectives .....   | 2        |
| 1.4      | Principles of Temporary Traffic Management – RESPECT .....   | 2        |
| 1.5      | Definitions.....   | 3        |
| <b>2</b> | <b>Principles of Temporary Traffic Management.....</b>       | <b>4</b> |
| 2.1      | Safe Systems .....   | 4        |
| 2.2      | Objectives of Temporary Traffic Management .....             | 4        |
| 2.3      | Types of Work.....   | 5        |
| 2.3.1    | Static.....  | 5        |
| 2.3.2    | Inspection and Maintenance.....                              | 5        |
| 2.3.3    | Mobile .....   | 5        |
| 2.3.4    | Emergency.....   | 5        |
| 2.3.5    | Area-Wide Traffic Management Plan.....                       | 6        |
| 2.3.6    | Duration .....   | 6        |
| 2.4      | Type of Work Considerations .....                            | 6        |
| 2.5      | Staging of Works.....  | 8        |
| 2.6      | Traffic Diversion Plans .....                                | 8        |
| 2.6.1    | Definitions and Objectives of a Traffic Diversion Plan ..... | 8        |
| 2.6.2    | QPro and Roadway Opening Permits.....                        | 8        |
| 2.6.3    | What to Include in a Traffic Diversion Plan.....             | 9        |
| 2.6.4    | Generic Traffic Diversion Plans .....                        | 9        |
| 2.6.5    | Amendments.....  | 10       |
| 2.6.6    | Identification of Stakeholders .....                         | 10       |
| 2.6.7    | Stakeholder Engagement .....                                 | 10       |
| 2.7      | Traffic Diversion Plan Design Considerations .....           | 10       |
| 2.7.1    | Types of Roadways.....                                       | 11       |
| 2.7.2    | Consistency .....  | 12       |
| 2.7.3    | Departures from Standard .....                               | 12       |
| 2.7.4    | Work Zone Road Safety Audits.....                            | 13       |
| 2.7.5    | Risk Assessments.....  | 13       |
| 2.7.6    | Incident Documenting Process.....                            | 14       |
| 2.7.7    | Mitigating Measures .....                                    | 14       |
| 2.8      | Training and Accreditation .....                             | 15       |

|          |  |           |

| <b>3</b> | <b>Processes.....</b>                                      | <b>17</b> |
| 3.1      | Overview .....   | 17        |
| 3.2      | Planning .....   | 18        |
| 3.2.1    | Instigating the Process .....                              | 18        |
| 3.2.2    | Preparation of Traffic Diversion Plan .....                | 18        |
| 3.2.3    | Work Zone Stage 2 Road Safety Audit.....                   | 18        |
| 3.2.4    | Review of Traffic Diversion Plans .....                    | 18        |
| 3.3      | Approval.....  | 19        |
| 3.3.1    | Submission for Approval .....                              | 20        |
| 3.3.2    | Review and Analysis .....                                  | 20        |
| 3.3.3    | Approval .....   | 20        |
| 3.4      | Implementation .....                                       | 20        |
| 3.4.1    | Temporary Traffic Management Implementation .....          | 20        |
| 3.4.2    | Verification of Compliance .....                           | 20        |
| 3.5      | Inspection and Enforcement.....                            | 21        |
| 3.5.1    | Routine On-Site Inspections .....                          | 21        |
| 3.5.2    | Work Zone Stage 3 Road Safety Audit.....                   | 21        |
| 3.5.3    | Monitoring and Nonconformance Reporting.....               | 22        |
| 3.6      | Clearance and Reopening .....                              | 22        |
| 3.6.1    | Notification of Completion.....                            | 22        |
| 3.6.2    | Clearance .....  | 23        |
| 3.6.3    | Reopening.....   | 23        |
| 3.7      | Emergencies and Unplanned Works.....                       | 23        |
| <b>4</b> | <b>Principles of Work Zones.....</b>                       | <b>25</b> |
| 4.1      | General Principles .....                                   | 25        |
| 4.2      | Multiple Work Zones .....                                  | 25        |
| 4.3      | Lateral Components.....                                    | 25        |
| 4.3.1    | Works Area .....   | 25        |
| 4.3.2    | Lateral Safety Buffer .....                                | 26        |
| 4.4      | Longitudinal Components.....                               | 27        |
| 4.4.1    | Advanced Warning Area.....                                 | 27        |
| 4.4.2    | Transition Area (Taper).....                               | 28        |
| 4.4.3    | Longitudinal Safety Buffer .....                           | 28        |
| 4.4.4    | Works Area .....   | 29        |
| 4.4.5    | Termination Area.....                                      | 29        |
| 4.5      | Roadway Narrowing on Single-Lane Roadways.....             | 29        |
| 4.6      | Lane Reduction on Divided Roadways.....                    | 30        |
| 4.7      | Pedestrian and Cyclist Safety.....                         | 30        |
| 4.8      | Speed Limits through Work Zones.....                       | 31        |
| 4.8.1    | Speed Enforcement .....                                    | 31        |
| 4.9      | Work Zone Implementation, Maintenance, and Clearance ..... | 32        |
| 4.9.1    | Implementation.....  | 32        |
| 4.9.2    | Maintenance.....   | 32        |

|                         |   |           |
|-------------------------|---|-----------|
| 4.9.3                   | Clearance.....  | 33        |
| <b>5</b>                | <b>Equipment .....</b>                                | <b>35</b> |
| 5.1                     | Principles.....                                       | 35        |
| 5.2                     | Conflict with Permanent Traffic Control Devices ..... | 35        |
| 5.3                     | Signing.....  | 36        |
| 5.3.1                   | Sign Sizes .....                                      | 37        |
| 5.3.2                   | Sign Locations.....                                   | 37        |
| 5.3.3                   | Warning Signs.....                                    | 38        |
| 5.3.4                   | Mandatory and Regulatory Signing.....                 | 38        |
| 5.3.5                   | Diversion Signing .....                               | 38        |
| 5.3.6                   | Information Signing.....                              | 38        |
| 5.3.7                   | Sign Supports.....                                    | 38        |
| 5.4                     | Temporary Safety Barriers.....                        | 40        |
| 5.4.1                   | End Treatments .....                                  | 41        |
| 5.5                     | Traffic Channelization Devices.....                   | 41        |
| 5.5.1                   | Temporary Water-Filled Barricades .....               | 42        |
| 5.5.2                   | Traffic Cones.....                                    | 42        |
| 5.5.3                   | Permeable Delineation.....                            | 42        |
| 5.5.4                   | Road Markings.....                                    | 42        |
| 5.6                     | Nighttime Work Zones.....                             | 43        |
| 5.7                     | Other Devices and Equipment.....                      | 44        |
| 5.7.1                   | Portable Traffic Signals.....                         | 44        |
| 5.7.2                   | Electronic Arrow Boards.....                          | 45        |
| 5.7.3                   | Dynamic Message Signing .....                         | 45        |
| 5.7.4                   | Speed Cameras.....                                    | 45        |
| 5.7.5                   | Work Vehicles.....                                    | 46        |
| 5.7.6                   | Truck-Mounted Attenuators .....                       | 46        |
| 5.7.7                   | High-Visibility Clothing .....                        | 47        |
